## From the Principal

.....

I thank you  
for your  
commitment to  
Palma. I am  
grateful for  
your many  
contributions  
to the legacy  
of Catholic  
Schools.

Dear People of Palma,

The nation is currently celebrating Catholic Schools Week from January 28 to February 3, 2024. And while every day is Catholic Schools day in our schools, I want to take this opportunity to express my heartfelt gratitude to all of you who make Palma a hallowed place.

I thank you **STUDENTS!** You mentor and challenge one another; you protect and defend one another. You are judged by a higher standard, and you so often champion that higher standard. You compete with one another against those who misperceive the blessings of our Palma Family, and you drive one another towards achievement. You collect food, clothes and more for the poor and the marginalized; you build homes and shape futures for but a few of our neighbors living south of our American border. And you do so much more.

I want to thank you **PARENTS!** You serve on the Parents' Club, Athletic Council, fundraising events, student activities, end-of-year celebrations, committees and associations, all to better the lives of our young men here at Palma. A number of you volunteer *everywhere*. You invest in your son's education. You see him through his hours behind the wheel towards his driver's license; you spend many moments late in the evening praying and hoping for his safe return. You relish the sweet drama of his every victory in competition, and you are there to console him where loss brings him agony. You never cease to show your son your love for him, especially when he resists and even – God forbid – when he resents it! And you do so much more.

I want to thank you **TEACHERS** and **STAFF!** You are among the hardest working personnel with whom I have ever been privileged to serve in education. You devote hours of your personal time to your students and the school. You work together to enhance a curriculum that is already superior. You are indispensable to our school's mission and success. You moderate student activities and supervise students. You support our students and their interests. You help students with individual needs; you make each student feel special. You take care of injuries. You support students when they are feeling sad or overwhelmed. You help and support one another as we celebrate genuine community here. You are counselors, mentors, role models, motivators, coaches, disciplinarians, healers, and hope for tomorrow's leaders. And you are so much more.

Teaching is a vocation that requires tremendous patience and courage. Every one of us teaches on a daily basis by what we say, what we do, and what we value. I thank you for your commitment to Palma. I am grateful for your many contributions to the legacy of Catholic Schools. *Go Chieftains!*

Yours in Blessed Edmund Rice,

David J. Sullivan  
Principal

## Mexico Mission update

Twenty young men  
are preparing to go  
to Tijuana, Mexico  
during Easter Break  
to build a home.

Mr. Garibay and I  
journeyed to Mexico

in late January to make the difficult decision of choosing  
the right family for a new home. The family needed to own  
the land, be active in the parish and working. They chose  
Maria Natividad (Mary of the Nativity) and her family (above).  
With no room at the inn for the Holy Family for the birth of  
Jesus, Palma can build a home for a holy family for a new  
life of dignity, promise, and a lasting bond with Palma.

## Palma and the prison ministry

Twenty-one students will be participating for Palma's CTF  
prison ministry from June 30th to April 30th. Here students  
learn life-long lessons on goal setting, responsibility,  
accountability, forgiveness and more.

# Guidance Department

Mrs. Irina Short

short@palmaschool.org

*Keep your eyes on college!*

## D's in college prep courses just won't cut it!

Four-year colleges and universities will only accept grades of "C" or better to meet college prep course requirements for admission. If your son is planning to attend a four-year college, he must make-up any deficiencies prior to graduation. Students taking summer school courses to make-up D's and F's are reminded that passing a 5-credit course during summer school will only replace one 5-credit semester grade (not the entire year). In other words, a student failing both semesters of Algebra would need to register for (and pass) 10-credits of Algebra prior to graduation. Also, remember that colleges require that incoming freshman have completed at least two years of the same foreign language. This means that a student who completed one year of Latin and one year of Spanish has not met that requirement. The CSU and the University of CA require completion of one year (10 credits) of a visual or performing art course prior to graduation. Palma students now have a number of options for accomplishing this requirement.

## Seniors use Scoir to find scholarships

Throughout the school year, the Palma Guidance Office receives information on a variety of scholarships. Some are offered to students nationwide, but many are offered by local organizations. We post these scholarship opportunities in SCOIR. You can find this listing under the "My Drive" section under your profile.

## Counselor's meeting with juniors biweekly

High School counselors have begun meeting with juniors biweekly on Tuesdays in their Theology classes. We have started the process of preparing our juniors for the college application process. Juniors will be working in their Scoir accounts.

## Future events

Southern California College Trip — Tuesday, February 13-Saturday February 17, 2024.

## Essay contests = money for college

Write your way through college! The monetary awards from essay contests sound enticing, but you're unlikely to cover all of your college expenses in this way. Some students, however, do win enough scholarship money to reduce the amount they'll need to borrow in order to attend college.

- Find those contests that are right for you. Search out appropriate ones by searching the free data bases at [www.fastweb.com](http://www.fastweb.com) or [www.scholarships.com](http://www.scholarships.com). Make sure your son checks his Scoir account as well. There are many scholarships listed under the scholarship tab. Although it's tempting to look only to those with large monetary awards, remember that these are also the contests that attract the most applicants. Avoid those contests that have an entry fee; you should not have to spend money to win money.
- Note details about each of the contests including: deadline dates, essay subject, and other materials that will need to be submitted.
- Develop a database of generic responses that you'll be able to use and reuse as you enter different contests.
- Review essay requirements from several contests and try to determine common themes. Write a generic essay in response to the common theme that you can then tweak to fit the requirements of each of the essay contests you enter. Be sure that your finished essay meets all of the criteria designated by that organization.
- Submit all information required in a timely manner.

## Schedule of SAT/ACT test dates for 2024
